**Subject:** Re: Inn of Court appearance etc.

Mike, Thank you for helping us arrange for Regional Administrator Garvin to speak to us at the Delaware Valley Environmental American Inn of Court. The meeting on April 25, 2012 will begin at 5:30 with light food and refreshments, the program normally starts at 6:30 and ends at 7:30. The meeting is scheduled to be at the Drinker Biddle law firm at the One Logan Bldg. 18th and Cherry Sts, 20th floor.

Unfortunately after having a pretty enthusiastic response from Secretary Krancer's Office and adjusting the meeting date to meet his schedule, we have been informed he will not be available for the program after all. If for some reason it was substantially more convenient for the RA we might be able to go back to the original date we had suggested on March 21, 2012 (that would be at the Dechert firm in the Cira Center at 30th St.) . But as of now we are set for April 25. If the RA would prefer the earlier date please let me know as soon as possible so that I can see if it is still possible.

Even without Sec Krancer the Inn believes this is a unique opportunity for our members to hear from the RA and to have an excellent discussion concerning Marcellus shale and energy extraction issues. If you have any questions please feel free to call at your convenience. Thanks

Re: Inn of Court appearance etc.

Patrick,

Regional Administrator Shawn Garvin is available to speak at the Delaware Valley Inn of Court program on April 25 with PADEP Secretary Michael Krancer.

Shawn will be prepared to talk about our approach to energy extraction issues and Marcellus Shale. He will also be prepared to talk about the interaction between PADEP and EPA with Secretary Krancer. However, our activities in Dimock are still on-going and it would not be appropriate to discuss at this time. It will be fine if issues surrounding Dimock surface during an open discussion, but we do not want it listed as an agenda item where attendees would expect a full/detailed outline of Dimock. Please let me know if you have any questions/concerns with this constraint.

In your previous email you provided information about the starting time, but didn't mention the location. Can you please provide information about the meeting location and expected attendees (# and who they represent).

Please call me when you have an opportunity to further discuss this event.

Thank you for your help in coordinating Shawn's participation.

Mike

Mike, I understand of course that you can not get a final decision on the attendance of the Regional Administrator for our program until Monday. But in the interest of hopefully being able to ultimately confirm the program we discussed with the RA and Secretary Krancer I wanted to reiterate or formalize what I discussed in terms of the possible program. Our general topic is as I said Marcellus Shale. Ideally, we would like to hear from the Secretary and the RA about Dimock. Second to Dimock (or perhaps in addition to Dimock) would be their views on the subject of the appropriate roles and interplay between federal and state regulation of Marcellus Shale, the hydraulic fracturing industry and related activities (exploration, production, waste disposal, etc.). As I believe we discussed I know these

are sensitive subjects so I can understand there might be a desire to try to limit the emphasis of the program on various areas of the subject matter. If you think that will be the case for the RA please let me know and we can certainly discuss it further.

As for logistics, our meetings start at 5:30 and end at 7:30. They begin with food, drink and friendly conversation, and move into a program presentation by 6:30. With the opportunity to have the Secretary and the RA with us, we might target starting the presentation at 6:15. We are planning on having a Q&A session at the end.

As I also discussed the Environmental Inn of Court consists of environmental attorneys across the spectrum, state, federal and local government (incl. DEP and EPA), academia (law professors), environmental groups, private law firms, and law students. The Inn prides itself on promoting collegiality, professionalism, ethics, and civility.

Also you may wish to note, our meetings are not advertised other than to our own members are not open to the public, are not recorded or transcribed in any fashion. It is definitely one of, if not the most professional, friendly and respectful environments (not to make a pun) that such discussions can occur. Looking forward to hearing from you. Thanks.

Mike, As I indicated in my voice mail yesterday it looks like we could organize the joint appearance of Administrator Garvin and Secretary Krancer for the Wed. April 25, 2012 Inn meeting which runs from 5:30 to 7:30 generally. I believe you indicated that this was a date that was open on Admin Garvin's schedule so we really may be able to get what I think we all agree would be the most interesting event possible of the options that we discussed.

My co- coordinator for the Inn presentation is Seth Cooley a partner at Duane Morris who I have copied above. He has been in contact several times with Sec. Krancer's office. The Secretary is available and interested in appearing jointly with the Regional Administrator. But before we lock in the Secretary's schedule they understandably want to be sure we have also confirmed with your office. Please let me know if we can proceed. Thank you for your help with this.
